

Kendallville Utilities ~ Overview

- Indiana Code 8-1.5-3-8 stipulates that rates and charges made by a municipality owning a utility must produce sufficient revenue to pay all expenses incident to the operation of the utility.
- Loss of largest user (Dalton Foundry used the equivalent of 1200 average homes)
- Last increase (water) was 5 years ago
- Cost adjustment for a low-volume user (less than 2000 gallon per month usage):
 - \$3.53 for water (includes service line insurance)
 - \$1.15 for sewage

Local Area Municipal Water & Sewage Works (combined price)

Comparison of Monthly Billings

(Based on typical home usage of 5,000 gallons)
